Nagios XI // Pricing

Nagios® XI™ is available in a Standard Edition and an optional Enterprise Edition. Pricing for Nagios XI licenses is determined by the number of Nodes(hosts) you intend to monitor. There are no license-imposed restrictions on the number of services that can be monitored at any of the license levels.

Standard Edition	
100 Node	$1,995
200 Node	$3,495
300 Node	$4,995
400 Node	$5,995
500 Node	$6,995
1,000 Node	$11,995
Unlimited Node+	$19,995

*Enterprise Upgrade is an additional $1500

What comes with your license?

+ 1 Year of Maintenance
+ 1 Year of Ticket Support (Up to 10 Incidents)
+ Access to our Customer-Only Support Center
+ Perpetual License
+ Product Influence
+ Free Backup and Testing Installations

Enterprise Upgrade

The Enterprise Upgrade provides you with features that are designed to aid in large-scale configuration, forecasting, and scheduled reporting. The cost for the Enterprise upgrade is $1,500. Features include:

+ Capacity Planning Reports
+ SLA Reports
+ Bulk Modification
+ Scheduled Reports
+ Audit Logging

+Business Process Monitoring

Renewals

Support & Maintenance renewal grants you access to new version upgrades of Nagios for one year, along with direct ticket and Customer forum support with a 1 business day response time guarantee.

+ 1 Year of Maintenance (New Version Upgrades)
+ 1 Year of Ticket Support (Up to 10 Incidents)
+ Access to our Customer-Only Support Forum

+ Builder Licensing Freedom
+ Product Influence
+ Access to 5,000+ Free Add-ons

Maintenance Only renewal grants you access to new version upgrades and security updates of Nagios for one year, but does not include Customer support. If you have Nagios XI Enterprise edition you will need to renew the Enterprise Edition features and at least Maintenance on your Nagios XI license in order to keep the Enterprise feature functionality. The renewal price for the Enterprise upgrade is an additional $750.

Phone & Email Support

Need additional support? Gain access to additional priority support services-- the fastest way to get a response from our technical team. Support plans require an active license to use, and expire one year after they are purchased.

Phone Support Plan	
5 Call Plan	$1,995
10 Call Plan	$2,995

Additional Ticket Support	
5 Ticket Plan	$995
10 Ticket Plan	$1,495

Sitewide Licenses

Sitewide Nagios® XI™ licenses are ideal for large organizations that require multiple Nagios servers to monitor their network infrastructure. Sitewide licensing offers substantial discounts versus individual license pricing. For additional information, please contact sales@nagios.com.

Additional Services

Need assistance with implementing Nagios XI in your organization? Our professional technical staff is available to help with implementation, consulting, and customization. For additional information, please contact sales@nagios.com.

Non-Profit Pricing

We offer non-profits and educational institutions a discount on Nagios XI licenses. For additional information, please contact sales@nagios.com.

Volume Discounts

Nagios XI is licensed on a per-monitoring server basis. If you require multiple monitoring servers multiple XI licenses can be purchased at volume-based discounted license pricing.
